

LAW 12 – ALTERNATE – UNIT 1

- 1) Read the Articles linked, and watch the short video clip.
- 2) In one or more pages, give a list of the most surprising things you learned, with reasons. What shocked you the most, or what facts seemed the most bizarre to you? Feel free to use other examples of things you've known about, as a point of comparison. Be sure to use specific examples from the readings and video, as it gives it context (and proves you read/watched it).

Submit via MyEd prior to the test period, as a word document. If it's not in by then, you write the unit test. There are caps on your score, depending on how close to the test date you submit it.

The key to an exceptional response is putting some of yourself in it. I want to know more than the fact that you've read/watched things, but that you connected with it, made associations, had genuine surprise/shock/anger/empathy etc. Especially for some of the later ones, I want to know what you FELT and if it changed how you THINK.

Scoring Guide

(ie: How to get the score you want):

- Evidence that you went through the content and paid attention. There's a list of 5-10 things you are responding to in some way. There may be some linkages among articles, but not much. Length of response is $\frac{3}{4}$ - 1 page or so. There's some of you in there, but not in depth yet.
(60-70% max)
- Evidence that you went through the content and paid close attention. There's a list of 8-10+ things you are responding to, and that's presented in a good 1.5 – 2 pages here at least. Some personal reflection and reaction is clearly in here as well, and your own opinion and commentary can be seen. (71-85% max)
- The same as the one above, but there's definite evidence in the form of quotes or phrases used, as you make your linkages and points. There's a good 2-4 pages of content here, and I can see your own thought processes and awareness in it. Perhaps there is even a little research sprinkled in, backing up your conclusions and commentary.
(86-100%)
