

LAW 12 – ALTERNATE – UNIT 2

- 1) Read the Articles linked, and watch the video “Now, After”.
The film was made by a Gulf War Veteran, and is a true story. Some imagery is graphic.
- 2) List things you learned as a result of reading/watch this material, that surprised or shocked you.
Look especially at things that tie all the material together.
- 3) Now answer the following: What are some of the most effective ways of dealing with PTSD?
(You’ll need to do a little research, but do not need to cite sources or make it too formal).

Submit via MyEd prior to the test period, as a word document. If it’s not in by then, you write the unit test. There are caps on your score, depending on how close to the test date you submit it.

The key to an exceptional response is putting some of yourself in it. I want to know more than the fact that you’ve read/watched things, but that you connected with it, made associations, had genuine surprise/shock/anger/empathy etc. I want to know what you FELT and if it changed how you THINK.

Scoring Guide

(ie: How to get the score you want):

- Evidence that you went through the content and paid attention. There’s a list of 5-10 things you are responding to in some way. There may be some linkages among content, but not much. Length of response is $\frac{3}{4}$ - 1 page or so. There’s some of you in there, but not in depth yet.
(60-70% max)
- Evidence that you went through the content and paid close attention. There’s a list of 8-10+ things you are responding to, and that’s presented in a good 1.5 – 2 pages here at least. Some personal reflection and reaction is clearly in here as well, and your own opinion and commentary can be seen. (71-85% max)
- The same as the one above, but there’s definite evidence in the form of quotes or phrases used, as you make your linkages and points. There’s a good 2-4 pages of content here, and I can see your own thought processes and awareness in it. Perhaps there is even a good amount of research sprinkled in from more than one or two sources, backing up your conclusions and commentary.
(86-100%)
